

TADEPALLI NANDA

Microsoft Internship

PROFILE

I am a motivated and enthusiastic second-year student at KL University with a strong foundation in programming languages such as C, Java, Python, HTML, and CSS. I also hold a participation certificate in front-end web development. Currently honing my skills in JavaScript, I achieved a remarkable 9.62 CGPA in my first year. Eager to apply my knowledge and contribute to meaningful projects through an internship opportunity

Teaching concepts
Listening to music

EDUCATION

KL University

2022 - 2026

CGPA: 9.62

Narayana junior college

2020 - 2022

Percentage: 89.9%

PROJECTS

Hangman game:

This is a project I did in my first year of under graduation. This project involves Python. In this game we have to guess a 'n' lettered word to save a man from hanging.

X and O game:

This is a project I did in my first year of under graduation. This project involves Python. This is a multiplayer game in which two members can participate one person can choose X and another person can choose O. If any player gets X's or O's in a row or diagonal then the player will win the game.

Basic E-commerce website:

This is a project done by using HTML and CSS. In this project we created a website where you can buy any clothes. By doing this project I also got a participation certificate from my university on participation in hackathon.

SKILLS

- C (Language)
- Python
- Java
- HTML
- CSS
